CONDUCT RISK ANALYSIS AND BUSINESS IMPACT ANALYSIS

COURSE OVERVIEW
Business Impact Analysis (BIA) and Risk Assessment (RA) are in the 2nd phase and also the most important phase of the BCMS implementation cycle. Inaccurate data gathered during this phase may result in inappropriate strategies proposed and could lead to huge cost. Through a mix of lecture, case studies and hands-on, learners will be competent and appreciate how crucial their entry will impact the entire organisation’s business recovery strategies. The course is ideal for organisations that are starting on the BCM program, intends to upgrade their BCM program to ISO standard and/or training as part of the BCM maintenance program for new coordinators.

COURSE OBJECTIVES
To equip learners with essential skills and knowledge to:
- Identify and analyse threats that may disrupt business operations
- Identify the critical business functions, resources, interdependencies, prioritisation and determining their impacts to business
- Recommend solutions and/or mitigation strategies

COURSE AUDIENCE
- Business Continuity Managers, Risk Managers, Coordinators and key appointment holders responsible for BCM Program
- Individual who are keen to know more about BCM as a career

MODE OF ASSESSMENT (Optional)
All learners are required to pass the following assessments to be deemed competent: Written Test (Open Book), Written Assignment, Oral Presentation
